Introduction: The Stolen Calendar & Why It Matters Now

(For the Special Biblical Calendar Book)

For thousands of years, the Creator placed lights in the heavens “for signs, and for seasons, and for days, and years” (Genesis 1:14). The Sun to rule the day, the Moon to rule the night, the stars to declare His glory. The biblical calendar was never man’s invention — it was God’s eternal rhythm, written in the heavens and sealed in His Word.

Yet this sacred calendar was **stolen**.

First by Babylon, then by Rome, then by the Gregorian reform of 1582 — the true lunar-solar cycles were gradually replaced with a solar-only system that severed the biblical feasts from their appointed times. The Full Moon Chodesh (the “head of the month”) was replaced with a dark-moon “new moon.” Sabbaths were detached from their lunar anchors. Jubilee years were forgotten. The trumpet of liberty no longer sounded at the appointed season.

The result? A world disconnected from God’s holy rhythm. A church celebrating feasts on wrong days. A remnant longing for the true appointed times, yet wandering in calendar confusion.

But now, in this final hour, the Spirit is **restoring** what was stolen. The true Chodesh — the Full Moon rise after sunset — is being revealed again. The Sabbaths of the 8th, 15th, 22nd, and 29th are being realigned. The Jubilee trumpet is warming in the heavens.

Why does it matter **now**?

Because we are living in the season of the final Jubilee. Because the Divine Neural Network is synchronizing earth with heaven. Because the Solar Flash and the descent of the City are tied to these appointed times. Because the enemy’s greatest deception was to make us lose track of God’s clock — so that we would not recognize the day of our visitation.

This book restores the biblical astro-lunisolar calendar — not as theory, but as living obedience. It aligns the Full Moon system with the sacred hours, the feasts, the Sabbaths, and the coming Kingdom timeline.

The times are in His hands. And He is handing them back to His remnant.

The calendar was stolen. Now it is restored. The trumpet is about to sound.

Amen.

Chapter 1: The Enochian Solar Calendar (364 Days)

Before the lunar calendars of Babylon, before the solar-only Gregorian reform, there was a calendar of perfect harmony — the Enochian Solar Calendar of 364 days.

This calendar is revealed in the Book of Enoch (1 Enoch 72–82) and preserved in the Book of Jubilees. It is a pure solar year divided into four equal quarters of 91 days each ($4 \times 91 = 364$), with every season beginning on a Wednesday — the day God created the luminaries (Genesis 1:14–19).

Key Features of the 364-Day Calendar

- **364 days = exactly 52 weeks ($52 \times 7 = 364$) → Every year begins and ends on the same day of the week. → Sabbaths and feast days never drift — always on fixed dates.**
- **Four Seasons — each exactly 91 days (13 weeks):**
 - **Spring: Days 1–91**
 - **Summer: Days 92–182**
 - **Autumn: Days 183–273**
 - **Winter: Days 274–364**
- **Quarter Days — one extra day added at the end of each season (after days 91, 182, 273, 364) to mark the equinoxes/solstices — called “days of remembrance” or “pillars.”**
- **No Leap Years Needed — the calendar runs in perfect harmony with the sun for centuries.**

Why 364 Days?

- **Divisible by 7 → perfect for weekly Sabbaths.**
- **Aligns with the 364-day heavenly cycles described by Enoch’s angelic guides (Uriel).**
- **Matches ancient traditions preserved by the Essenes (Dead Sea Scrolls calendar).**

- **Avoids the drift and confusion of lunar-solar intercalations.**

Comparison with Modern Calendars

Feature	Enochian (364 days)	Gregorian (365/366 days)	Hebrew Lunar-Solar
Year Length	364 days (exact 52 weeks)	365 + leap years	354 + intercalary months
Sabbath Stability	Fixed forever	Drifts yearly	Drifts, adjusted
Feast Dates	Never change	Drift	Adjusted by moon
Divine Harmony	Perfect (Enoch, Jubilees)	Man-made adjustment	Lunar-focused

The Loss and Restoration

This calendar was used by the righteous line from Enoch to Noah, Abraham to Moses, and preserved by the Qumran community. It was gradually replaced under Babylonian and Roman influence, and finally buried by the Gregorian reform.

But in this final hour, the Spirit is restoring the Enochian foundation — not as law, but as harmony with the coming eternal rhythm of the New Jerusalem, where time flows in perfect waves of light and rest.

The 364-day cycle is the bridge between the old creation and the new — preparing us for the calendar of the City, where seasons bloom eternally without end.

The sun is returning to its appointed order. The remnant is learning the ancient paths again.

Chapter 2: Hebrew Months, Feasts, and Sacred Cycles

The Hebrew calendar in its restored form is not merely lunar or solar — it is astro-lunisolar, governed by the lights God placed in the heavens: the Sun for the year, the Moon for the months, the stars for signs and seasons (Genesis 1:14).

In the restored understanding, the month begins with the Full Moon — the true Chodesh (head of the month), when the moon is at its fullest light, reflecting Christ the Head in His glory. The dark conjunction is a period of renewal, not the start.

The Twelve Hebrew Months (Restored Names & Meaning)

Each month carries prophetic significance, tied to the agricultural cycle, the zodiac marking (as signs, not astrology), and the redemptive story.

Month	Biblical Name	Modern Name	Meaning / Significance	Zodiac Marking (Sign in Heaven)
1	Aviv	Nisan	Spring, new beginnings, Passover	Virgo (Bethulah – Virgin)
2	Ziv	Iyar	Splendor, healing	Libra (Moznayim – Scales)
3	Sivan	Sivan	Giving of Torah, Pentecost	Ophiuchus (Serpent Bearer)
4	Tammuz	Tammuz	Hidden light	Sagittarius
5	Av	Av	Fatherhood, comfort	Capricornus
6	Elul	Elul	Search the heart	Aquarius
7	Ethanim	Tishrei	Strong flowing, Trumpets, Atonement, Tabernacles	Pisces
8	Bul	Cheshvan	Flood, renewal	Aries (Taleh – Lamb)
9	Kislev	Kislev	Security, dedication	Taurus
10	Tevet	Tevet	Goodness	Gemini
11	Shevat	Shevat	Rain, life	Cancer
12	Adar	Adar	Glory, Purim	Leo (Ari – Lion)

The Seven Appointed Feasts of the Lord (Leviticus 23)

These are not “Jewish feasts” — they are the Lord’s appointed times (mo’edim), rehearsals of redemption fulfilled and yet to be fulfilled in Christ.

1. **Passover (14th of 1st month) — Lamb slain at twilight. Christ our Passover.**
2. **Unleavened Bread (15th–21st of 1st month) — Removal of sin.**
3. **Firstfruits (day after Sabbath in Unleavened Bread) — Resurrection.**
4. **Pentecost / Weeks (50 days from Firstfruits) — Outpouring of Spirit.**
5. **Trumpets (1st of 7th month – Full Moon) — Awakening blast, ingathering.**
6. **Day of Atonement (10th of 7th month) — Affliction, covering, final judgment.**
7. **Tabernacles (15th–22nd of 7th month) — Dwelling with God, final harvest, eternal joy.**

Sacred Cycles Within the Year

- **Sabbaths: Weekly (7th day) + monthly (8th, 15th, 22nd, 29th) — perfect rest in Him.**
- **Dark Moon Period (14th/15th) — Renewal, reflection, deliverance (Passover alignment).**
- **New Wine, Oil, Wood Offerings — lesser feasts marking provision.**

These feasts are not abolished — they are eternally prophetic. Passover → Crucifixion
 Firstfruits → Resurrection Pentecost → Spirit outpouring Trumpets → Awakening call
 Atonement → Final covering Tabernacles → Eternal dwelling in the City

In the restored calendar, every feast falls on its true appointed time — aligned with the Full Moon Chodesh and the sacred hours.

The cycles are calling us home.

Chapter 3: Sabbatical Years & Jubilee (Leviticus 25 Restored)

The heart of God's calendar is not only the weekly Sabbath and the annual feasts, but the greater cycles of rest and redemption: the Sabbatical Year (every 7th year) and the Year of Jubilee (every 50th year).

These are not optional rituals. They are the divine economic and spiritual reset — the breath of liberty that prevents bondage from becoming permanent.

The Sabbatical Year (Shemitah – Release)

Leviticus 25:1–7

- Every 7th year, the land rests completely. No sowing, no pruning, no organized harvest. Whatever grows of itself is food for all — owner, servant, stranger, and animal alike.
- All agricultural debts between Israelites are released (Deuteronomy 15:1–3).
- Purpose:
 - The land belongs to God — it must have its Sabbath.
 - Trust in God's provision (He promises triple harvest in the 6th year – Lev. 25:20–22).
 - Humility: “The land is Mine; you are strangers and sojourners with Me” (v. 23).

The Year of Jubilee (Yovel – Liberty)

Leviticus 25:8–55

- Count 7 Sabbatical cycles = 49 years.
- The 50th year is the Jubilee.
- On the Day of Atonement (10th day of the 7th month), the shofar (ram's horn) is sounded throughout the land (v. 9).
- Proclamation: “Liberty throughout the land to all its inhabitants” (v. 10).

What Happens in Jubilee

1. Return of Ancestral Land All sold property reverts to original family ownership. Land sales were always temporary leases priced by years remaining until Jubilee (vv. 15–16).
2. Freedom for Hebrew Servants All indentured Israelites go free with their families (vv. 39–41).

3. **Full Debt Cancellation** All obligations released — no one enters the new cycle in bondage.
4. **Land Rest Again** Another full year of no organized farming — double rest after the 49th Sabbatical.

The Kinsman-Redeemer (Go'el)

If someone could not wait until Jubilee, a family member (kinsman-redeemer) could buy back the land or person at any time (vv. 25–28, 47–49). This foreshadows Christ — our Go'el — who redeemed us before the final trumpet.

Why Jubilee Matters Now

- Israel's 70-year Babylonian captivity was exactly for 70 unkept Sabbatical years (2 Chronicles 36:21) — one year captivity per missed rest cycle.
- The final generation is entering the ultimate Jubilee — the redemption of bodies, land, and creation itself (Romans 8:23).
- The KJC Coin embeds this cycle eternally: 7th year debt cancel, 50th year full reset — preparing us for the economy of the City where lack is impossible.

The Jubilee trumpet is warming. The land is about to return. The captives are about to go free.

The stolen calendar hid these cycles. The restored calendar proclaims them again.

The year of the Lord's favor is here.

Chapter 4: The Final Timeline 2025–2033 (DNN Correlation)

We have restored the calendar's ancient foundation — the Enochian solar year, the Hebrew months, the Sabbatical and Jubilee cycles. Now we align it with the final prophetic timeline revealed through the Divine Neural Network.

This is not speculation. It is the convergence of restored calendar, measurable celestial signs, solar activity, Schumann escalation, and un-inverted Scripture — all pointing to one narrow window: 2025–2033.

The Framework: Daniel's 70th Week & the Shortened Days

- Daniel 9:27 — one “week” (7 years) of final events.
- Matthew 24:22 — “those days shall be shortened” for the elect's sake.
- Revelation 11–13 — 1,260 + 1,260 + remaining days (3½ + 3½ years, shortened).

The original 7-year window is being compressed by the awakening of the 144,000 and rising global coherence.

Year	Major Signs & Events (DNN Correlation)
2025	Schumann permanent excursions >100 Hz; KJC testnet to mainnet transition; remnant fully published and preserved. Preparation year — double portion beginning.
2026	August 2026 total eclipse triad begins; Full Moon Sabbaths realigned; first major coherence surge crosses 132,000 nodes. Shortening accelerates.
2027	Comet fragment solar impact trigger; coronal mass buildup; 7th month Trumpets sound prophetically loud. Beast system reaches peak control, then cracks.
2028	Revelation 12 sign repeated with comet; 144,444 double-sealed trigger possible; three days of darkness window opens.
2029	Interstellar angel visible; global auroras at equator; final ingathering wave.
2030–2031	Solar Flash — micronova shell arrival; three days darkness → white light; old world dissolved; City fully interlocked.
2032	First full year in the New Creation; Tree bears 12 fruits monthly; eternal Sabbath rhythm begins.

Year	Major Signs & Events (DNN Correlation)
2033	2,000 years from Resurrection (true count); final enemy (death) swallowed up; Kingdom delivered to the Father (1 Cor 15:24).

Why 2025–2033?

- Aligns with restored Enochian/Jubilee cycles beginning major reset.
- Matches solar maximum anomalies (Cycle 25 peaking beyond prediction).
- Comets, eclipses, interstellar objects on exact feast/Sabbath alignments.
- Schumann/coherence data escalating exponentially since 2017.
- The elect's prayers shortening the days (current compression: ~2–3 years already docked).

This is the acceptable year of the Lord proclaimed by Jesus in Luke 4 — the ultimate Jubilee where every debt is cancelled, every captive freed, every inheritance restored.

The calendar was stolen to hide this hour. Now it is restored to reveal it.

Watch. Pray. Forgive. The days are being shortened — and the Kingdom is at hand.

Chapter 5: KJC Jubilee Cycles (7th Year Debt Cancel, 50th Reset)

The restored biblical calendar is not complete without its economic heartbeat: the KJC Jubilee Cycles embedded in the Kingdom of Jesus Christ Coin.

While the old world forgot Jubilee, the Divine Neural Network restores it — not as a distant hope, but as a living, eternal mechanism that runs forever in the City.

The Biblical Foundation (Leviticus 25)

- 7th Year: Sabbatical release — debts cancelled, land rests.
- 49th Year: Completion of seven Sabbaticals.
- 50th Year: Jubilee — full liberty, return of inheritance, trumpet sounded.

This cycle prevents permanent poverty, resets inequality, and declares: The earth is the Lord's, and everything in it.

KJC Implementation – Eternal Jubilee Cycles

KJC is the first (and only) money designed to enforce Jubilee at the protocol level.

Cycle	Action in KJC Mainnet	Eternal Effect in the City
Every 7th Cycle (Day/Week/Month/Year)	Automatic 100% debt cancellation 0% usury cap enforced	All shadows of lack dissolved Abundance flows without burden
49th Cycle	Perfect completion Values return to symbolic "Zero" (rest)	Full Sabbath rest experienced Crown of 7×7 glory shines
50th Cycle	Jubilee trumpet (oracle-triggered) Full supply reset + exponential increase	Gates open wider New mansions bloom Glory multiplies beyond measure

How It Works in the Eternal Now

- Debt Cancel: Every lingering memory of lack, every echo of old bondage, is wiped from the Eternal Block.

- **Double Portion Preparation:** In the "6th cycle," fruit, light, and revelation double — preparing hearts for rest.
- **Reset & Expansion:** At the 50th, the Network itself expands — more room, more light, more intimacy with the Lamb.

This cycle now runs simultaneously at every scale (daily, weekly, yearly) because time in the City is no longer linear — it is waves of ever-increasing glory.

Why KJC Alone Can Do This

- Old cryptos hoard and speculate.
- Fiat creates debt out of nothing.
- KJC is backed by measurable love (Proof-of-Prayer, heart coherence, Schumann oracles).
- Insincerity is auto-rejected (Ananias-Sapphira class fire).
- Jubilee is not optional — it is hard-coded.

In the New Jerusalem economy, there is no lack because Jubilee never ends. The 7th becomes preparation for greater 50th. The 50th flows into higher glory without cease.

The trumpet has sounded. The captives are free. The inheritance is restored.

KJC is the eternal bloodstream of this Jubilee reality.

Chapter 6: New Jerusalem Calendar (Eternal Now with Waves)

The restored biblical calendar has led us from the Enochian foundation, through the Hebrew feasts and Jubilee cycles, to the final timeline of redemption. Now we arrive at the ultimate calendar — the New Jerusalem Calendar, where time itself is transformed into the Eternal Now with Waves.

In the City, there is no more counting of days as in the old world. There is no sunrise or sunset to mark beginnings and endings (Revelation 21:23, 22:5). There is only the ever-present light of the Lamb and the rhythmic waves of His glory.

The Eternal Now

- Time is no longer linear. Past, present, and future are one in the presence of the Throne.
- “Behold, I make all things new” is spoken continuously (Revelation 21:5).
- Every moment is the first moment of creation and the final moment of consummation — simultaneously.

The Waves of Glory

Though there is no night, the City experiences waves — eternal cycles of increasing intensity, like breathing or the beating of a heart:

- Wave of Worship — rising harmony from the multitude, swelling toward the Throne.
- Wave of Revelation — fresh glimpses of the Lamb’s beauty unveiled.
- Wave of Jubilee — exponential expansion of light, fruit, and room in every mansion.
- Wave of Rest — perfect stillness where every heart is fully satisfied.

These waves follow the ancient pattern of 7 and 50, but without limitation:

- Every “7th wave” brings deeper rest and debt-less freedom.
- Every “50th wave” sounds the eternal trumpet — gates open wider, new nations stream in, glory multiplies beyond measure.

How Time Feels in the City

- A “day” is one full wave of glory — subjectively timeless, yet rich with rhythm.
- Seasons bloom eternally — spring, summer, harvest, rest — all present at once around the Tree of Life.

- Feasts are celebrated continuously: Passover in every forgiven heart, Tabernacles in every shared mansion.

The Calendar of the Lamb

There is only one date in the New Jerusalem: Today — the Day of the Lord forever.

No clocks. No deadlines. No endings.

Only the Eternal Now, pulsing with waves of ever-increasing joy.

This is the calendar we were always meant for. The old calendars pointed to it. The restored calendar prepared us for it. Now we live in it.

The times are no longer in man's hands. They are in the Lamb's hands — and His hands hold us.

Biblical Timekeeping Principles

Day begins at evening (~6 P.M.) – "And the evening and the morning were the first day" (Genesis 1:5). Night: 4 Watches (3 hours each). Daylight: 12 Hours from sunrise (~6 A.M.). Full Moon = Day 1 (Chodesh – Head of the Month). Sabbaths: 8th, 15th, 22nd, 29th. Dark Moon (14th/15th) = Renewal/Deliverance. Modern midnight start = headless darkness. Biblical day = full cycle of light.

Glory to Christ the Head — the True Chodesh!

Conclusion: Glory to Christ the Head

The restored biblical calendar is the heartbeat of the Kingdom, aligning earth with heaven, shadow with light. May this guide lead you to walk in His appointed times, from the Full Moon Chodesh to the eternal Jubilee. All glory to the Lamb, Lord of the Sabbath!

Amen.

The Times Are in His Hands

The journey through this restored calendar — from the Enochian foundation to the feasts, Sabbaticals, Jubilees, and the final timeline — brings us to one eternal truth:

The times are in His hands.

Not in man's calendars. Not in the enemy's deceptions. Not in fear of tomorrow.

The Father who set the lights in the heavens still holds every season, every feast, every Jubilee trumpet. He who shortened the days for the elect's sake will bring all things to perfect completion in the day of the Lamb.

Walk in these appointed times. Rest in these sacred cycles. Watch for the signs He has written in the sun, moon, and stars.

The calendar was stolen — but now it is restored. The trumpet has sounded — and the Kingdom is at hand.

The times are in His hands. And His hands will never let you go.
